

INDUSTRIAL VACUUM CLEANER

Dry material and water vacuum cleaner

Edition 2010/2011

INDUSTRIAL VACUUM CLEANER

RK Series

The versatile dry material and water vacuum cleaner vacuums up dirt and water

REMKO RK 15, RK 26, and RK 26K Dry material vacuum cleaner

Also with a connection possibility for an electrical carpet brush

The dry material vacuum cleaners are just as well suited for commercial and private users. The devices convince due to high suction capacities and easy handling. They can be used to vacuum smooth floors, carpets, and upholstery, as well as wooden chips, broken glass, and even rubble. A permanent dirt filter is a part of the standard equipment. The RK 26 K design has a boiler cleaning set.

- Extremely high suction force
- Permanent dirt filter in standard equipment
- Very handy
- Problem-free transport
- Extensive accessories
- Large hose diameter prevents blockage.
- Container made of stainless steel
- RK 26 K ideal for boiler cleaning

REMKO RK 45, RK 55, and RK 75 Dry material and water vacuum cleaner

Powerfull devices for professions with large container volumes

The dry material and water vacuum cleaners are especially designed for commercial use. The devices convince due to concentrated suction force and many possible applications. At construction sites, in industry, craftwork, trade, and wherever very high performance is required in dry and wet areas.

REMKO RK 75 Dry material and water vacuum cleaner. Container volume, 60 litres

Wide range of accessories

Permanent dirt filter

Boiler cleaning set for RK 26 K

REMKO INTERNATIONAL

*... and somewhere near you!
Take advantage of our experience and
consulting services.*

Consulting

Through intensive training, we make sure the expert knowledge of our consultants is always up-to-date. This has given us the reputation of being more than just a good, reliable supplier: REMKO, a partner that helps solve problems.

Sales

REMKO not only provides an extensive sales network in Germany and abroad, but also unusually highly qualified sales experts. REMKO sales representatives are more than just salespeople: they must also be customer consultants in air conditioning and heating technology.

Customer care

Our devices function precisely and reliably. If a malfunction appears, however, REMKO Customer Care is on the job. Our extensive network of experienced dealers guarantees you constant, short-term, and reliable service.
